

VIRTUAL PUBLIC INFORMATION CENTER

Atlantic City Expressway Third Lane Widening Project

Washington Township, Gloucester County
Gloucester and Winslow Township, Camden County

Access the virtual Public Information Center anytime between:

Monday, May 11 to Friday, May 22, 2026

Use a computer, tablet, or smartphone to visit:

www.acewidening.com

The South Jersey Transportation Authority (SJTA) is hosting a Virtual Public Information Center to provide residents, public officials, and businesses with information on the Atlantic City Expressway (ACE) Third Lane Widening Project.

Currently in the Final Design Phase, this project will add a third lane in each direction from milepost (MP) 31.6 (Interchange 31) to State Route 42 MP 44.2 (Interchange 44) in Washington Township, Gloucester County, and Gloucester and Winslow Township, Camden County. Upon completion, the entire ACE corridor will provide three lanes in each direction.

To reach as many people as possible, this Public Information Center will be held virtually on the project website. Please visit www.acewidening.com anytime between May 11 and May 22, 2026, to learn more about the project and leave comments. During the virtual Public Information Center, you will have the opportunity to:

- Review a presentation and materials about the project.
- Submit questions and leave feedback to the project team.

If you are unable to view the virtual Public Information Center but are interested in learning about this project, please contact the project team at: info@acewidening.com
